Cllr Lawrence was unable to attend the meeting and members did not receive an update.

083/22/FC Chapel Rock Pool Facility

Whilst sympathetic to the requests, members raised concerns that this is a much more complicated issue. If steps are added, a handrail would also need to be considered, as well as considerations to fencing, lifeguarding, signage, and more regular maintenance. Chapel Rock pool is part of the natural beach environment, adding anything to the pool to make it more accessible, could risk the future of the pool, as the heritage status of the beach and cliffs must be maintained. There were also concerns raised that by not maintaining and improving access, the Parish Council could still be open to liability.

ACTION – Consult the Parish Council insurer for advice and speak to other Councils with a sea pools and research potential options. – Parish Clerk
