016/23/PC Considerations of planning applications

The following applications were considered and proposals agreed:

a) Application PA22/03090

Proposal: Hybrid planning application comprising: Full application for the demolition of reception/amenity block, outbuildings and structures; installation of bases for the siting of static caravans; creation of a bat loft and a maintenance building; installation of children's play equipment; the conversion of one existing dwelling to self-catering accommodation and the conversion of a second existing dwelling to a central facilities building; with associated access, car parking, hard and soft landscaping and drainage infrastructure works and outline application for an extension to the proposed central facilities building with associated hard and soft landscaping and drainage infrastructure works.

Location: Perran Springs Touring Park Bodmin Road Goonhavern Truro
Applicant: Park Leisure 2000 Ltd

Response: Object (1 abstention)

The Parish Council objected to this planning application on the grounds that the development would have an adverse impact on neighbours, it was considered to be an over development of the site and there were serious highways concerns, both for the increase in traffic it would generate and also for pedestrians. The cumulative effect of multiple applications for static caravan sites, had already resulted in saturation for this area of the parish and any additional permissions would have an adverse effect on the community.

b) Application PA22/09501

Proposal: Outline application for the construction of 8 dwellings (all matters reserved other than access).

Location: Land Adjacent Hendrawna Meadows Hendrawna Meadows Perranporth Cornwall

Applicant: Quoinstone Developments Ltd

Response: Object (unanimous)

There were serious concerns regarding traffic through Hendrawna meadows and the proposal was not considered to be rounding off as there was agricultural land on both sides. The proposal was not in line with Policy 3, Greenfield Access, or the Neighbourhood Development Plan Policies. The Parish Council fully supported the comments of the Secretary of the Steering Group for the Neighbourhood Plan which were as follows:

'It is hoped that the Parish Council will be able to submit the NDP and its associated documentation to Cornwall Council for formal (Regulation 15/16) consultation and independent examination in May of this year. The original Questionnaire sent to all parishioners in 2018 requested opinions regarding a Principal Residence Policy, as well as the need to retain the 'green buffer zone' between Perranporth and Bolingey. These policies were very strongly supported (at over 95%) in the results received. We are confident that these reflected the overall wish of parishioners throughout the Parish. This planning application is not aligned with policies within the emerging Perranzabuloe Neighbourhood Development Plan (NDP), nor is it aligned with the general wishes of the large majority of the parishioners. The plan defines the site as partly outside the Settlement Boundary (Policy SD1). Also part of the site is within the Perranporth - Bolingey Settlement Gap (Policy NE6). Further, the proposed Principal Residence Policy covers the whole of this site'.
