Map of area covered by plan

The diagram above outlines the ward of Perranporth.

1. Introduction

This is the Emergency Flood Plan for Perranporth, and it is owned by Perranzabuloe Parish Council.

The Emergency Services (Police, Fire, Ambulance, Maritime and Coastguard Agency), supported by the Local Authorities and other public and voluntary organisations are normally able to cope with most local emergencies. However, the local community may be able to provide vital information and even direct support if the official responders are delayed for whatever reason. Local self-help action may save lives and will help to alleviate distress.

Whilst there are no specific legal requirements for parishes to undertake emergency planning, Section 137 of the Local Government Act 1972 enables community councils to do anything that will benefit the community (or part of it) where there is no specific power covering the action. Indeed, it has a moral obligation to help where it can.

1.2 Aim

The aim of this Emergency Flood Plan is to provide local information, advice and a framework for local assistance in the event of a flood within Perranporth.

1.3 The Objectives

The plan is designed to:

- a) Identify the Emergency Flood Management Team
- b) Identify a primary Emergency Rest and Accommodation Centre and alternatives
- c) Set out the procedures for activating the plan
- d) Provide local information to assist the Emergency Services
- e) Provide a list of useful contact numbers
- f) Provide basic information to assist the Parish during a period of temporary isolation
- g) Identify the following personnel and resources:
 - Individuals with special skills
 - Individuals with special needs
 - Hazards within Perranporth
 - Supplies of vehicles, equipment and materials

2. First things to do in the event of an emergency

1. **Ring 999 to inform the Emergency Services and provide information which is:**

- Clear
- Concise
- Actual

2. **Contact the plan volunteers**

3. **Meet at the Coordinator Assembly Point**

Primary Coordinator Assembly Point

Perranzabuloe Parish Council Office

Chyanhale, Ponsmere Valley, Perranporth, TR6 0DB

In the event that the above location is inaccessible, the following will be used:

Backup Coordinator Assembly Point

Memorial Hall

Wheal Leisure Close, Perranporth, TR6 0EY

3. Emergency Flood Management Team

The Emergency Flood Management Team (EFMT) is selected by the Parish Council to identify local resources and assist in implementing the Emergency Flood Plan should it be needed. It is responsible for writing this plan, undertaking dynamic risk assessments and keeping the plan up to date. Members are not restricted to the Parish Council.

Appointment	Name	Telephone	Mobile
Chair of Council	Peter Gaisford	Info removed	Info removed
Vice Chair of Council	Alan Bowers	Info removed	Info removed
Clerk to the Council	Tatiana Cant	Info removed	Info removed
Councillor	Alan Bowers	Info removed	Info removed
Police Representative	Karen Lovell	Info removed	Info removed
Fire Representative	Freddie Martin	Info removed	Info removed
Tri Service Safety Officer	Phil Graham	Info removed	Info removed

4. Activating the Emergency Flood Plan

- The Plan can be activated by any member of the Emergency Flood Management Team based on that person's assessment of the situation. It is easier to stop the plan should events come under control sooner than expected than to not respond at all.
- Sometimes full plan activation will not be required. The plan should also be seen as a resource to solve smaller issues within the community.

5. Alerting System and Confirmation

Whoever activates the plan is responsible for ensuring all other EFMT members are contacted. The activator of the plan must also ensure that the identified Emergency Rest and Accommodation Centres are contacted at the earliest opportunity.

6. Emergency Rest and Accommodation Centres

The Memorial Hall has been designated as the primary Emergency Rest and Accommodation Centre (ERAC) site should there be a need to provide emergency shelter to those who have to leave their homes in an emergency. If for whatever reason the Memorial Hall is unavailable, or additional ERACs are required refer to the 3 premises listed below as alternative sites.

Building Name	Keyholder Name	Address	Contact Numbers
Memorial Hall	Gerald Morris	Wheal Leisure Close, Perranporth, TR6 0EY	This info has been removed
Perranzabuloe Parish Council Office	Tatiana Cant	Chyanhale, Ponsmere Valley, Perranporth, TR6 0DB	This info has been removed
Perranporth Primary School (out of hours only)	Simon Thomas RelyOn Ltd	Liskey Hill, Perranporth, TR6 0EU	This info has been removed
Perranporth Golf Club	Sue McDevitt	Budnic Hill, Perranporth, TR6 0AB	This info has been removed

The managers of these buildings will be made aware of their inclusion in this plan, and that they are briefed as to what might be expected of them in an emergency i.e. to open the building, provide shelter (including heating if appropriate) and refreshments to evacuees.

7. Risk Assessment

Each potential ERAC requires a dynamic risk assessment to be carried out prior to its operational use. However, this is simplified by the fact that each potential ERAC is already used by the public in its primary role (school, hall, council offices etc) and its current owners are required to ensure that it is safe for the purpose intended.

8. Insurance

It is unlikely that additional insurance cover will be required in the event that an ERAC is opened for an emergency. The Parish Council's own insurance (public liability section), coupled with that of the owner's own insurance for the public use of the property will suffice. Emergency provision for the community is regarded as part of the Parish Council's normal activities, which also covers volunteers responding to flooding or potential flooding in Perranporth.

9. Community Emergency Volunteers

The Emergency Flood Management Team should contact the Community Emergency Volunteers below, via the Flood Warden group on Facebook Messenger or mobile phone.

11. Vulnerable Groups and Local Hazards

11.2 Vulnerable Groups

Contact the following vulnerable groups to find out if they require additional or specific assistance in the event of an emergency.

NAME OF GROUP	ADDRESS	CONTACT NUMBER	DETAILS OF ANY SPECIFIC REQUIREMENTS
Perran Bay Care Home	St Pirans Road, Perranporth, TR6 0BH	01872 572275	Registered for a maximum of 37
Lavender Court Care Home	Boscawen Road, Perranporth, TR6 0EP	01872 571151	Registered for a maximum of 36

11.3 Main local risks or hazards most likely to result in plan activation

Risk or Hazard	LOCATION OS Grid Reference	Other Info
Flooding	Perranporth	
Power failure	Perranporth	Prolonged loss of essential service
Mains Water	Perranporth	Prolonged loss of essential service
Contamination	Perranporth	

DISCLAIMER – This is not designed to be an exhaustive list but is provided in this plan to identify risks or hazards that the community feels are most likely to occur resulting in the plan being activated.

11.4 Community Flood Planning

11.4.1 Maps Showing Possible Locations of Flooding

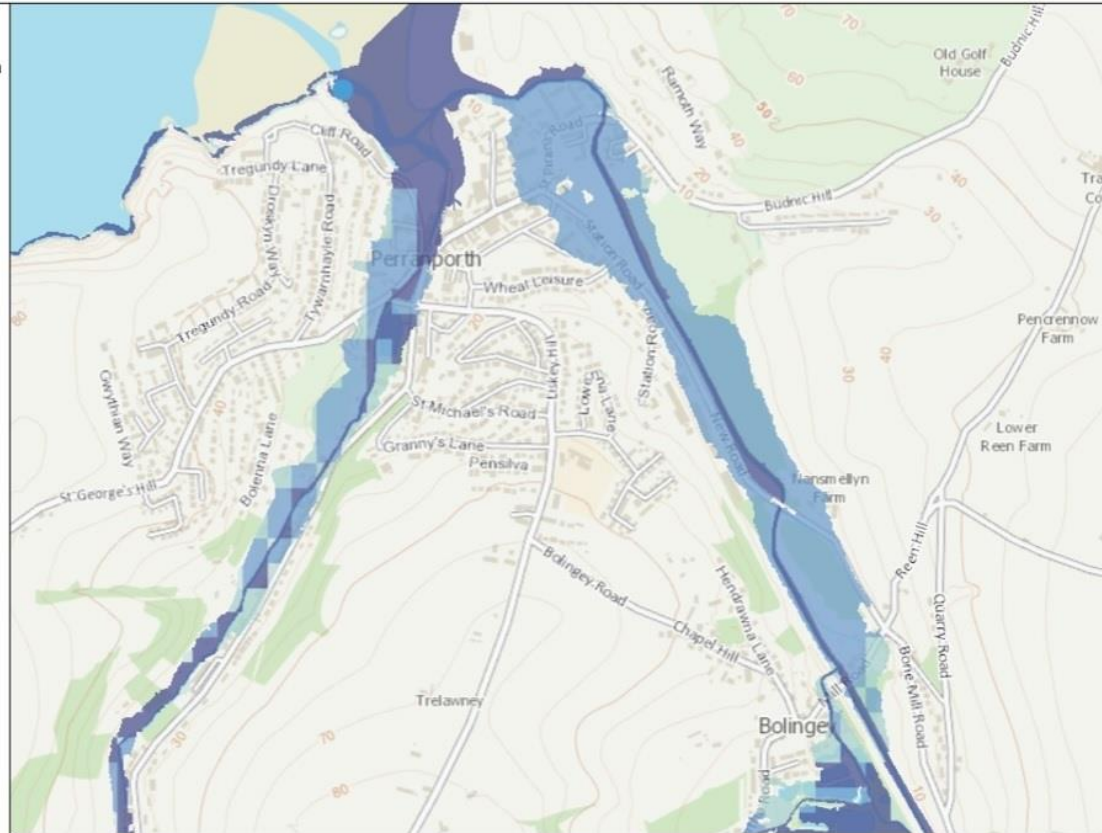

Perranporth, Risk of flooding from rivers and sea

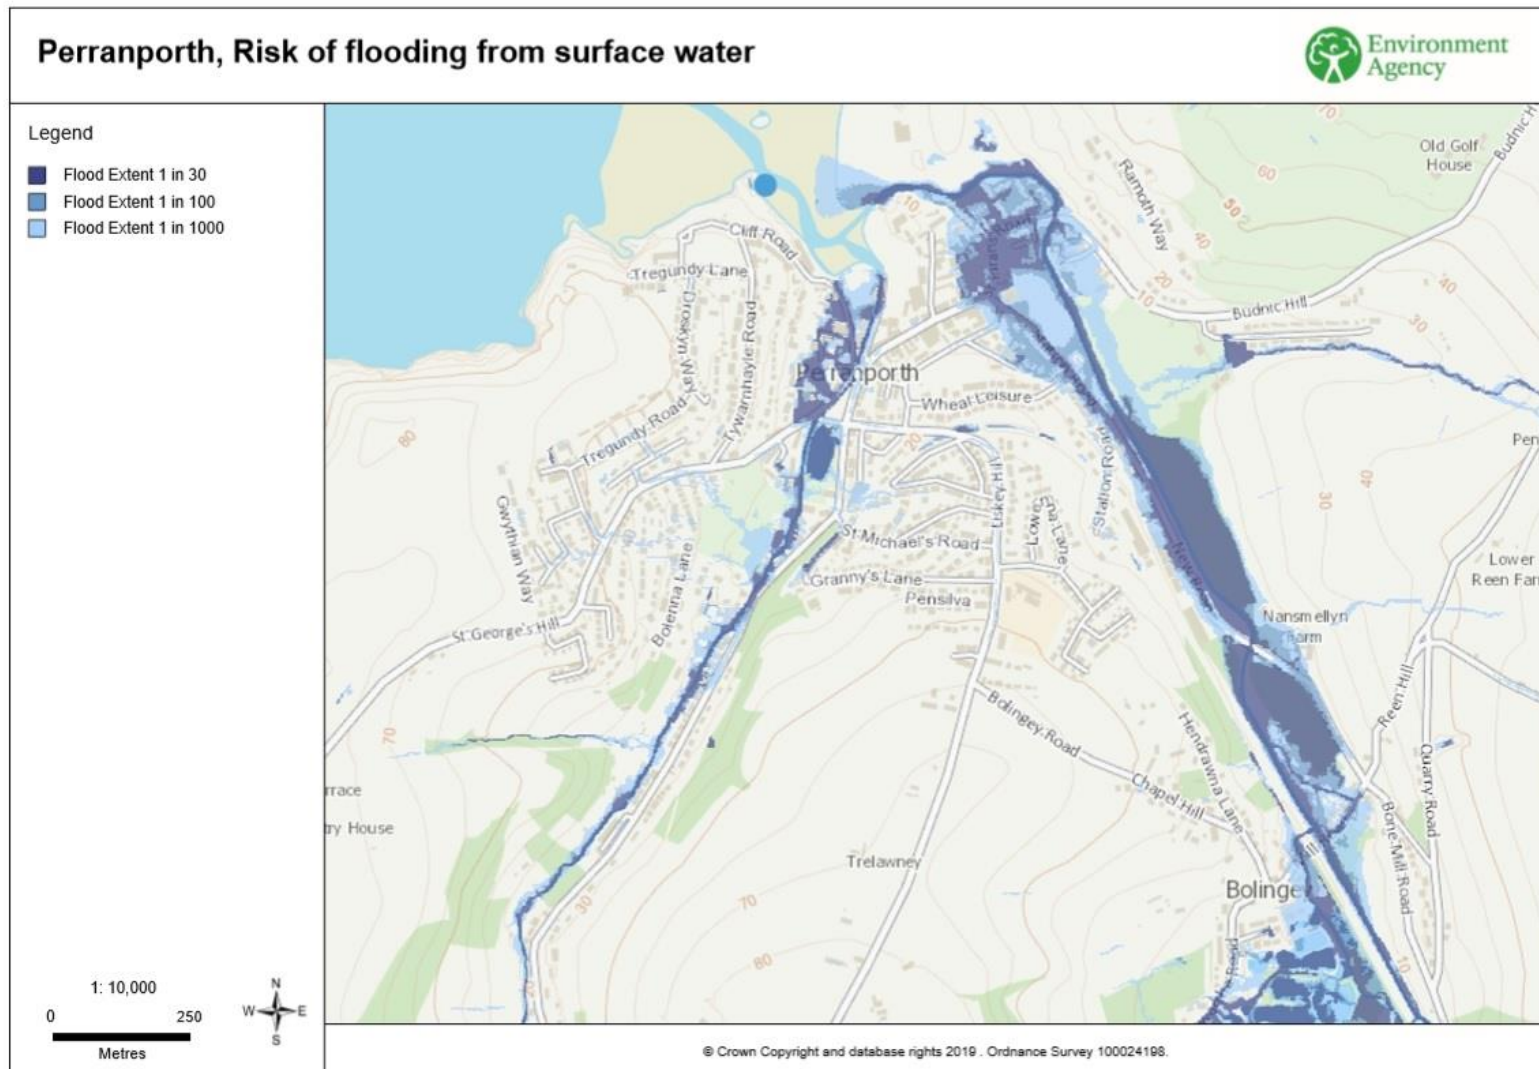

Legend

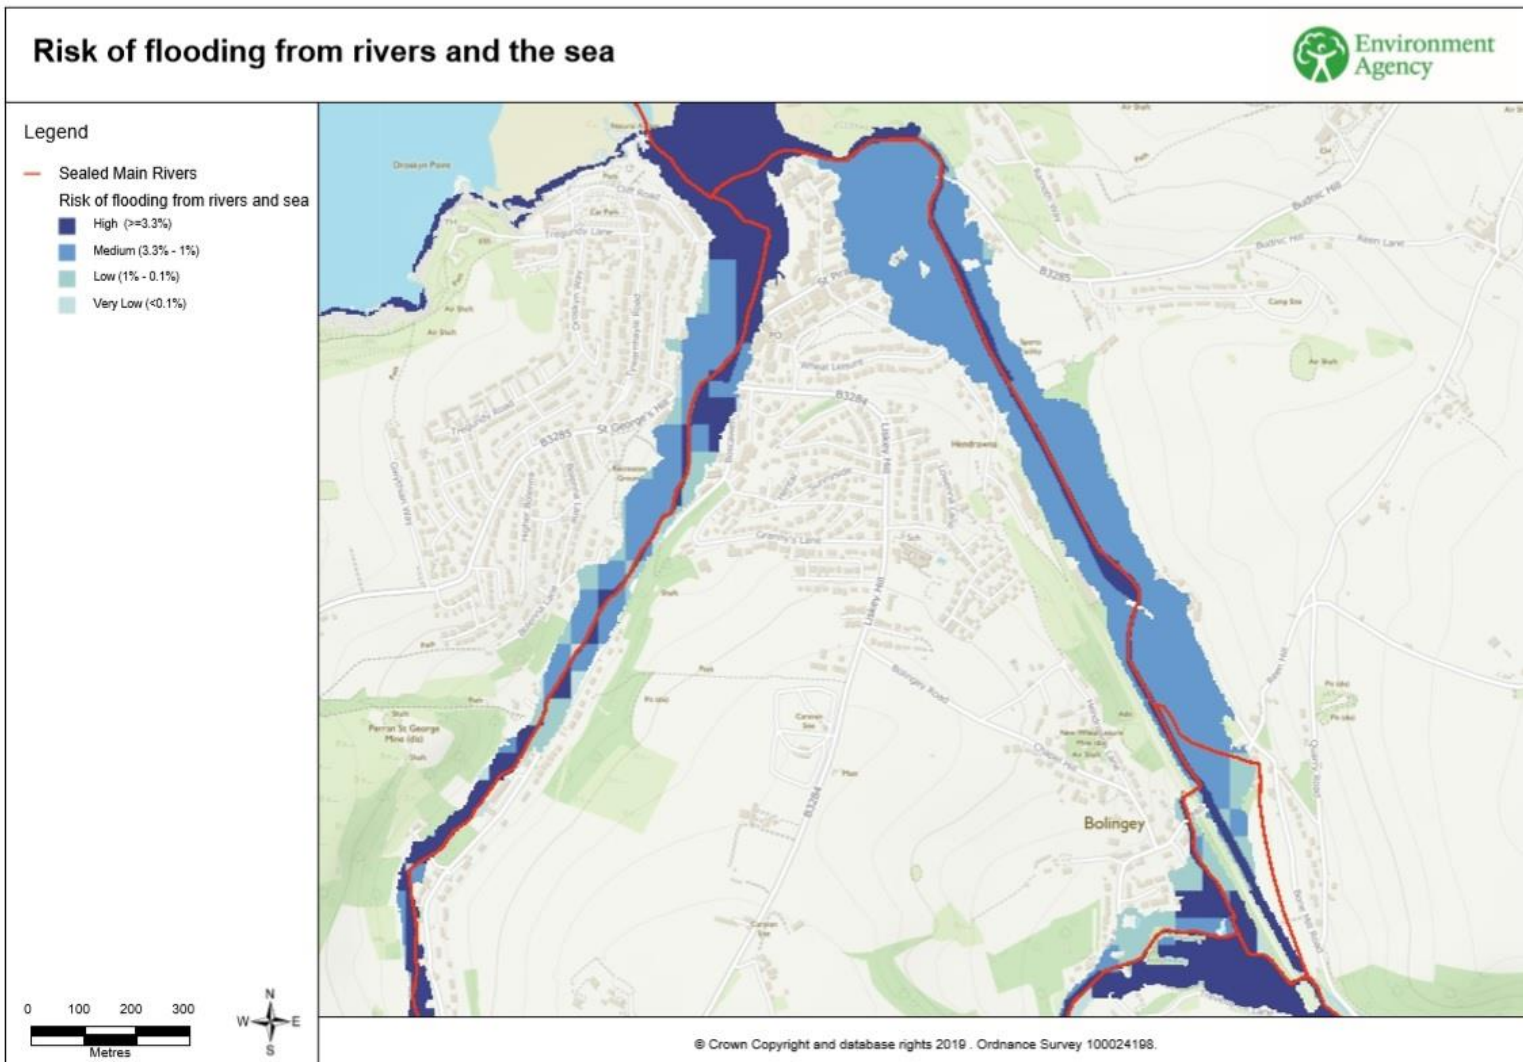

Risk of flooding from rivers and sea

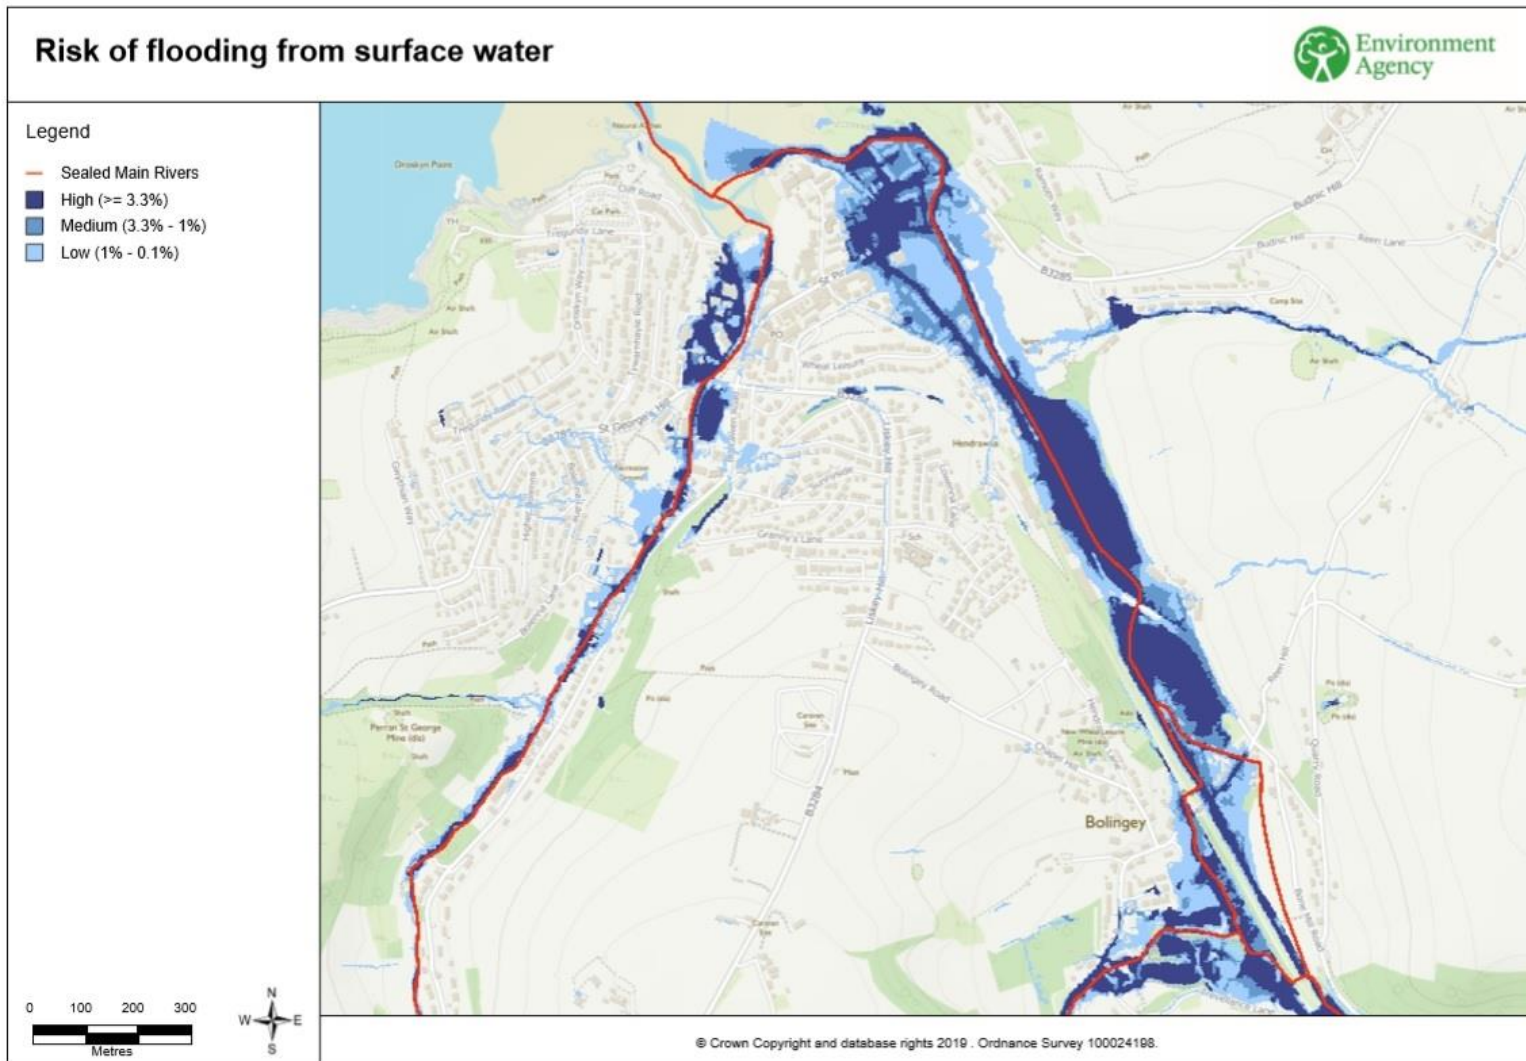

- High ($\geq 3.3\%$)
- Medium (3.3% - 1%)
- Low (1% - 0.1%)
- Very Low ($< 0.1\%$)
